

**Development of Billingham Health Centre - Your Views**

We are planning to redevelop and refurbish Billingham Health Centre to improve the facilities and services available for patients.

The redeveloped Health Centre will include all patient services currently operating from both the Health Centre and from Billingham Clinic, and will include additional space for use by other community services.

We value your feedback, and so we would be very grateful if you could take a few minutes to complete the survey below.

- 1. What do you think about the proposed development of Billingham Health Centre?

.....  
 .....

- 2. Is there anything we need to consider to make the centre easy for people to use, and to ensure patients have a positive experience of the venue?

.....
