**The grounds of the representation is based on the following:**

**(Please continue on a separate sheet if necessary)**

The Environmental Health Unit are of the opinion that the steps outlined in the operating schedule are inadequate to prevent public nuisance.

There will be a greater likelihood of public nuisance associated with noise from clients using the external seating area of this premises as a result of the proposed extension in its opening times. There are no additional conditions that can be added to control this variation and Environmental Health are of the opinion that It will cause significantly more disturbances to residents in the very close proximity of this area.

Licensing Policy restricts external seating areas in residential areas to 22:00Hrs and this premises has already got an extension on that time for Friday and Saturday nights to 23:00Hrs, to have this additional extension will cause significant disturbances.

This premises is located in a very sensitive area where the front of the premises is on the busy main street of Yarm, but the rear is surrounded on all sides by residential properties.
