Stepping Stones

NALC is on the road in 2009 for the first time. In a mini tour of England; p councils, principal councils, community and voluntary groups can go to a vent and discuss how community action can make the lives of local people better - in

The National Association is pleased to announce a series of regional events Spring of 2009 entitled 'Stepping Stones'. The key aims being to share good sector whilst providing a regional networking opportunity for councillors and office government. It also hopes to provide an opportunity for newly established principal authorities to learn more about the work and capabilities of the par sector. Also we will be incorporating discussion on Central Government initiatives on local councils across England.

Dates and venues are:
