**Subject:** RE: Declaration of Interest

Hello [REDACTED], glad you found the event helpful, and sorry I didn't get to speak to you. We do use a proforma for detailing interests at full council meetings - it assists in focussing on what interests members might have and provides the details Democratic Services require for recording in the minutes and so on. Members still have to declare their interests verbally to the meeting though. Nigel/Michael, could you let [REDACTED] have a copy of the form please. Thanks and regards. David.

[REDACTED], just one point, the interest declared at [REDACTED] doesn't clarify if it was prejudicial or not. Given what it was about and that there would presumably be an income involved, it possibly could have been regarded as prejudicial. Regards .David .
